How to Download MDSS on a Home Computer

Go to Meridian Environmental Technology Inc.'s MDSS webpage. http://www.meridian-enviro.com/pages.pl?pg=mdss

There is a box that is titled Pooled Fund Study. Click on "MDSS Pooled Fund Study". This takes you to this website: <u>http://www.meridian-enviro.com/mdss/pfs/</u>

Click on "Download MDSS GUI". This takes you to the website: <u>http://www.meridian-enviro.com/login/</u>

Log in with your NDOR email as your user name and your password. This will take you to the screen that looks like the figure to the right.

Click on Download Version 7.04. (or whatever the current Version is)

We strongly recommended the system running the MDSS application have at least 128MB of "free" memory and a 700MHz or higher processor.		

A screen will pop up. It will look like the figure to the right.

If a security warning pops up, click run. If your computer has pop ups disabled, temporarily allow pop ups.

After this box loads, an installer box will appear. Click next five times and wait for it to install.

Click Finish. There should now be a shortcut on your desktop and the files should be installed on your computer.
