This is the link I mentioned yesterday, just change the truck name to match the one that you wish to view.

http://mdss.meridian-enviro.com/vmdss/?zoom=5&show_radar_image=1&show_forecast_hours=4&show_recommendation=1&vehicle_id=533_Sidney_29552

If the truck is up and running, the data being displayed will follow the truck (truck in yellow).
