COFFEE SUPPLIES

Please be sure if you are taking coffee supplies for other use. . . (i.e., water cups or using the sugars for lunch) that you are putting some sort of compensation into the fund. 3 cents.... 5 cents.... I know it don't sound like much but it does add up. This is how we keep our coffee at such a low price and we are able to make a good size donation to a local charity over the holiday season!

Thank You for your understanding and assistance!!

Welcome . . .
